

Setting Preferred and Non---Preferred AIS Specialists

- Logging into your **personal account** will allow you to set your personal specialists preferences.
- Logging into your clinics '**Admin**' account will allow you to set an individual's preferences, or set **all** your doctors at one time to the desired specialists, doing this will overwrite ALL individual settings.

Log into <http://www.antechimaging.com>

Enter your username and password in the upper right hand corner and click "GO"

The screenshot shows the Antech Imaging Services website. At the top, there is a navigation bar with the Antech logo and a search bar. Below the navigation bar is a large image of a dog's eyes. The main content area features four service highlights: 'Share Images', 'Real Time Access', 'The Antech Difference', and 'The Tools You Need'. A testimonial from Douglas G. Aspros, DVM, is displayed on the left, and a 'click here to learn more' button is on the right. The footer contains 'About Antech Imaging Services' and 'Questions?' sections.

What We Offer | Telemedicine | PACS | Software | Cases | Jobs | Registration | Support | Contact

Share Images
Share images with any DVM or clinic, anywhere in the world, at the click of a button!

Real Time Access
Access your images and reports at any time, from any Internet-enabled computer, anywhere in the world.

The Antech Difference
You won't have to worry about computer crashes, data security or running out of storage space.

The Tools You Need
Antech imaging Services can help you identify the hardware and software you'll need to remain competitive.

“Our doctors really appreciate receiving reports by e-mail, and our patients benefit from timely, accurate and professional interpretations. I enjoy the security of knowing that every radiographic study we take is backed by a detailed report from a boarded radiologist.”

Douglas G. Aspros, DVM

For the **GENERAL PRACTITIONER**, you will see a menu bar across the top, under **“User Setup”** select **“Prefs/Non---Prefs”**

This will take you to a page where you can set your preferred and non---preferred specialists. If you do not see the specialists you are looking for, use the slider bar to the right of each group to scroll through the names.

To set your preferences, use the pulldown next to the specialist's name.

- **No selection:** First available specialist
- **Preferred (PR):** A "Preferred" specialist will read your consult as long as he/she is on duty, and their caseload is such that your consult can be read within our standard turnaround times. If your "Preferred" specialist is not on duty, your consult will be read by the first available specialist
- **Non---Preferred (NP):** A "Non---Preferred" specialist will never read your consult

Once set, click the "Submit" button on the bottom, you will get a notice at the top of the page if the settings were saved.
